The State of New Hampshire

**THE POLLS WILL BE OPEN FROM 10:00 A.M. TO 6:00 P.M.
March 10, 1998**

**To the Inhabitants of the Town of WOLFEBORO in the [L.S.]
County of CARROLL in said State, qualified to vote in Town
Affairs:**

You are hereby notified to meet at Kingswood Regional High School Auditorium in said Wolfeboro on Tuesday, the third day of February, 1998 at 7:00 P.M. to act upon the 1998 Town Warrant. Voting for elected officials and final voting on the 1998 Town Warrant will take place on Tuesday, the tenth day of March, 1998 in the Undercroft of the All Saint's Episcopal Church from 10:00 A.M. to 6:00 P.M.

ARTICLE 1: To chose one (1) Selectman for three (3) years, one (1) Treasurer for one (1) year, one (1) Moderator for two (2) years, one (1) Library Trustee for three (3) years, one (1) Police Commissioner for three (3) years, three (3) Budget Committee members for three (3) years, two (2) Planning Board members for three (3) years, one (1) Trustee of Trust Funds for three (3) years, one (1) Supervisor of the Checklist for six (6) years.

ARTICLE 2: Are you in favor of the adoption of Amendment No. 2 as proposed by the Planning Board for the Wolfeboro Planning and Zoning Ordinance as follows:

- to replace existing Section 10, of the Ordinance, entitle "Definitions" with a new definition section. The proposed change is to clearly define permitted uses and terms used in the Land Use and Planning Ordinance;
- to replace existing Section 11 entitled "Administration and Enforcement" with a new administration and enforcement section that clearly articulates the Staff role in administration and enforcement. The duties are generally defined as:

Zoning Administrator.

A. Duties. The Zoning Administrator, his/her assistant or designee shall:

- (1) Report to the Town Planning Board any recommendations for changes and improvements in these regulations and the procedures therein.
- (2) Make recommendations to the Board of Adjustment in connection with any application for variance or appeal and recommend such conditions as may be necessary to fully carry out the provisions and intent of this Zoning Ordinance.
- (3) Take the most conservative or restrictive approach in applying or interpreting these regulations.

Code Enforcement Officer

A. Duties. The Code Enforcement Officer shall:

- (1) Issue any permit granted by the Planning Board or ordered by the Board of Adjustment and make periodic inspections to verify that all conditions of such granted permit are complied with by the applicant or his agent.
 - (2) Receive and investigate allegations of noncompliance or violation of these regulations, report findings to the Town Manager and file a complaint where such allegations are based in apparent fact.
 - (3) Refer any matters under appeal to the Zoning Board of Adjustment for its action.
 - (4) Refer any matters requiring interpretation to the Zoning Administrator for his/her action.
 - (5) Take the most conservative or restrictive approach in applying these regulations.
- to create a new section permitting staff review and approval of certain changes of use. (Recommended by the Planning Board)

Copies of this amendment is available at the Planning Office.

ARTICLE 3: To see whether the Town will vote to amend the Zoning Ordinance, to add the following section: (Submitted by Petition)(Not Recommended by the Planning Board)

A: PURPOSE and INTENT

The Town of Wolfeboro (the Town), has determined the general desirability of certain tourist activities in the Town, and the general tourism-based nature of much of the Town’s economy. The Town has also determined the desirability of adding new forms of commercial recreation along certain portions of the Route 28 corridor. In addition to permanent and seasonal residential uses and activities allowed under other sections of the Town’s Planning and Zoning Ordinance, one intent of this section is to enhance opportunities for certain new tourist-based facilities on non-waterfront property in the Town.

Recognizing that *RV Parks*, as defined herein, are increasingly popular nationally and that the better examples of such facilities are commercial recreation that would be desirable for the Town, this section of the Planning and Zoning Ordinance is also intended to facilitate the creation of good examples of such facilities while mitigating potentially adverse impacts.

It is therefore an intent of this section to allow *RV Parks*, subject to the design and density controls contained herein, the provisions of Site Plan Review, and other applicable Town, State and other regulations and permits.

A.1: TERMS AND MEANING

To assist with the understanding of this section of the Planning and Zoning Ordinance, certain specially-defined terms have been created in addition to the other specially-defined terms also found in the Planning and Zoning Ordinance. Specially-defined terms particular to this section of the Planning and Zoning Ordinance are identified in bold italic text, i.e., ***RV park***; other specially-defined terms are capitalized.

B: APPLICABLE LANDS

RV Parks shall only be sited in the RV Overlay District, as defined herein, and subject to the special criteria of this section and the other relevant sections of the Planning and Zoning Ordinance.

The RV Overlay District is hereby defined to be the land bounded and described as follows:

Beginning at a point on the Southerly sideline of Route 28 at the existing Southerly boundary of land now or formerly of Alvin and Barbara White, said point of beginning being located approximately 1,920 feet along the travelled centerline of said Route 28 Southwesterly from the intersection of Route 28 and Trotting Track road, so-called; Thence in a general Northeasterly direction, along said Route 28 2,100 feet, more or less, to a point one hundred feet beyond the centerline of Hersey Brook, so-called; Thence running in a general Southeasterly direction 800 feet more or less parallel with, and maintaining a distance of 100 feet from, said Hersey Brook to a point at land now or formerly of the Wolfeborough Railroad; Thence in a general Southwesterly direction 1,700 feet, more or less, along said Wolfeborough Railroad, to a point at the Southerly corner of land now or formerly of Alvin and Barbara White, which point is located approximately 200 feet Southwesterly of the thread of Harvey Brook, so-called; Thence in a general Northwesterly direction 600 feet, more or less, along said existing boundary of said land of White to said Route 28 - being the only point of beginning. Excepting and Reserving herefrom that property commonly known as the "Motel" property, being depicted as tax map parcel 13-3-2. Said net Overlay Area Contains approximately 25 acres, to be the same, more or less.

C: PERMITTED LOCATIONS

An ***RV Park*** shall be permitted use only in the RV Overlay District. More than one ***RV Park*** is permitted in the RV Overlay District.

D: DESIGN AND GENERAL REQUIREMENTS

D.1: DESIGN REQUIREMENTS

D.1 (a) ***A Recreational Vehicle Space*** shall have an area of one thousand (1,000) square feet or more of land.

D.1 (b) Not more than sixty percent (60%), by number, of the ***Recreational Vehicle Spaces in an RV Park*** shall have an area of land of twelve hundred (1,200) square feet or less.

- D.1 (c) An **RV Park** shall contain no more than 8 **Recreational Vehicle Spaces** per acre within the **RV Park** (for example, a 20 acre **RV Park** shall contain not more than 160 **Recreational Vehicle Spaces**).
- D.1 (d) An **RV Park** may contain a canteen or store area as an Accessory Use. Any such store shall be not more than 5,000 enclosed square feet in size. The following uses shall be permitted only in such a store and not elsewhere in the **RV Park**:
- (a) Retail sales of food, beverages and phosphate-free detergents;
 - (b) Newsstand;
 - (c) Shower and toilet facilities;
 - (d) Public telephones;
 - (e) Retail sales of RV supplies;
 - (f) Not more than two (2) laundry machines, unless connected to the Municipal sewer, in which case laundry facilities are permitted; and
 - (g) LP gas sales.
- D.1 (e) **RVs** within an **RV Park** and Buildings and Structures associated with an **RV Park** shall comply with the set-back criteria of the underlying zoning district with respect to the exterior boundaries of the **RV Park**, and any special criteria contained in this section.
- D.1 (f) No **Recreational Vehicle Space** shall be sited within two hundred (200) feet of any non-commercial Buildings on abutting lands, or within fifty (50) feet of Route 28.
- D.1. (g) No **Recreational Vehicle Space** shall be sited within one hundred (100) feet of the centerline of the Wolfeborough Railroad, said centerline to be established midway between the tracks if the same exist, or as the centerline is depicted on the Right of Way and Track Maps for the Boston and Maine Railroad.
- D.1. (h) **RV Parks** shall be operated in an orderly manner and shall be designed to comply with the design and operational criteria of the Town and the State of New Hampshire.

- D.1 (i) **RV Parks** may provide recreational facilities such as tennis courts, horseshoe pits, shuffleboard courts, ball-fields and the like for the patrons of the **RV Park**.
- D.1 (j) If **RV Park** contains laundry facilities, only phosphate-free detergents shall be sold on site and used for laundry purposes.
- D.1 (k) **RV Parks** shall buffer the front Yard area adjacent to any State highway fifty feet in width and **Yards** adjacent to platted public street rights of way in an area equal to or exceeding one-half of the minimum Yard setback from such street. Said front **Yard** area shall be landscaped, excepting the area within the right triangle for access drives, and the landscaped **Yard** area shall contain the following minimum number of plants:
- (a) One canopy tree at of least three inch caliper per each 1,000 square feet of front **Yard**, half of which may be evergreen;
 - (b) Two understory trees of least two inch caliper per 500 square feet of front **Yard**, all of which may be evergreen;
 - (c) One shrub or flowering bush at least two feet in height per 400 square feet of front **Yard**; and
 - (d) existing living vegetation may be used to satisfy all or a portion of these requirements
- D.1 (k) **Recreational Vehicle Spaces** shall be for **Temporary Recreational Occupancy**.
- D.1 (l) **Recreational Vehicle Spaces** shall not be used for year-round housing.
- D.1 (m) There shall be no internal setbacks for the siting of **RVs** on **Recreational Vehicle Spaces**.
- D.1 (n) A **Recreational Vehicle Space** shall not be used to store an **RV**.
- D.1 (o) A **Recreational Vehicle Space** shall not contain temporary or Accessory Buildings.
- D.1 (p) All exterior lighting in an **RV Park** shall be sited within the **RV Park** or of the shielded or "cut-off" type design so

as to prevent direct off-site glare outside the **RV Park**.

- D.1 (q) All **RV Parks** shall adequately provide for the temporary storage of rubbish in conventional containers commonly referred to as “dumpsters,” or by equivalent means, as may be approved by the Board during Site Plan Review. All dumpster areas shall be shown on the proposed site plan and shall also be screened from public view from abutting property and public roads adjacent to the **RV Park**.
- D.1 (r) Vehicular circulation within an **RV Park** shall be designed for speeds of not more than 15 miles per hour, and may be in one-way circulation patterns. All such circulation shall occur over private and seasonal ways. For these reasons, roads, drives and vehicular circulation areas within an **RV Park** shall be provided to accommodate safe and convenient maneuvering, access and egress by **RVs**. Such accessways are not required to be constructed to Town road standards, but shall be 16 and 20 feet in travelled width, excluding shoulders.
- D.1 (s) The **Applicant** shall provide adequate measures for sewage disposal and storm water drainage for the **RV Park**, either on-site or off-site. The **Applicant** shall demonstrate compliance with this provision by submitting copies of the State, Town, and any other relevant approvals or applications for such approvals to the Board during the Board’s review of the **RV Park** proposal.
- D.1 (t) Any **Recreational Vehicle Space** at which pressurized potable water hookups are provided and which is used by the same **RV** for a period of more than 3 consecutive weeks shall be provided with a sewage collection system, which shall convey the sanitary wastes to a septic system that is approved by the New Hampshire State Department of Environmental Services and located within the **RV Park**.
- D.1 (u) Any **Recreational Vehicle Space** at which pressurized potable water hookups are provided and which is used by the same **RV** for a period of 3 consecutive weeks or less shall not require a sewage collection sys-

tem as per D.1 (u), above, provided that sanitary service stations, sanitary service vehicles or restrooms are available within the **RV Park** to handle the disposal of all sanitary wastes, in accordance with the requirements of the New Hampshire State Department of Environmental Services.

D.1 (v) Land area use outside of an **RV Park** shall not be utilized for sewage disposal purposes for an **RV Park**.

E: OPTIONAL DESIGN REQUIREMENTS

Certain features of an **RV Park** may be permitted by Special Exception.

In addition to finding that the general Special Exception criteria have been satisfied, prior to granting a Special Exception for an optional element of an **RV Park**, the Zoning Board of Adjustment (ZBA) shall also find that the proposal has satisfactorily addressed any particular environmental concerns of the proposed **RV Park's** location. These concerns shall include any sensitive lands that may be adjacent to the proposed **RV Park** and any other lands located below it in an hydraulically downgradient manner. Lake Wentworth is downgradient all of the RV Overlay District and the ZBA shall also address any probable impacts to Lake Wentworth before granting a Special Exception.

The following optional elements of an **RV Park** shall be permitted by Special Exception:

- a) More than two (2) laundry machines (unless connected to the Municipal sewer);
- b) Vegetated earthen berms as a substitution for the additional plant buffering required in the proceeding design requirements; and
- c) A dance hall or other facility providing music for public entertainment, unless located inside a pre-existing building that was lawfully used for a non-residential purpose as of April 1, 1995.

F: HIGH INTENSITY SOIL SURVEY REQUIREMENTS:

- F.1 (a) All land proposed for an ***RV Park*** shall be mapped in accordance with the Town's High Intensity Soil Survey (HISS) criteria.
- F.1 (b) Septic systems in an ***RV Park*** shall conform with the applicable State and other Town regulations, including the setbacks from hydric soils mapped using the Town's High Intensity Soil Survey (HISS) criteria.
- F.1 (c) Due to the seasonal use and other limitations established by this overlay ordinance for an ***RV Park***, the HISS lot sizing requirements shall not apply to establish the amount of land required for an ***RV Park*** or to the allowed number of ***Recreational Vehicle Spaces*** in an ***RV Park***, both of which standards are established herein.
- F.1 (d) Altered lands, whether excavated or filled, may be considered based on the merits of the altered land. If such lands are utilized, two licensed septic system designers, one of whom shall be a licensed soil scientist, and the other a licensed professional engineer shall provide the Planning Board with an analysis of the lands in question, including opinions of equivalency, if any, for septic purposes for the lands in question under the HISS mapping criteria as if the land were naturally formed in its present state.

G: DEFINITIONS

Words and phrases contained in this section of the Planning and Zoning Ordinance found in bold italic text shall first be interpreted as defined as follows, and then as defined in the Planning and Zoning Ordinance; otherwise, words and phrases shall have ordinary dictionary definitions.

- G.1 ***Applicant:*** The owner(s) of record or the legally authorized agent of the owner(s) of record.
- G.2 ***Recreational Vehicle:*** A vehicular or vehicular-mounted facility mounted on wheels or mounted on a vehicle with wheels such as motor homes, slide-in campers, travel trailers, truck campers and camping trailers, with or with .

out motive power, designed for transient, recreational human habitation and occupancy, and is also defined by N.H. statute (see R.S.A. 216-1:1 (VIII)).

- G.3 ***Recreational Vehicle Park:*** An area of more than ten (10) acres of land whereon 2 or more ***Recreational Vehicle Spaces*** are created for commercial or ***Temporary Recreational Occupancy by RVs***. ***RV Parks*** include, without limitation, Recreational Vehicle “Parks” and “Campgrounds” as are defined by the State Department of Environmental Services if ***Recreational Vehicles*** are the means of occupancy.
- G.4 ***Recreational Vehicle Space:*** That portion of the ***Recreational Vehicle Park*** and designated for the placement of one ***RV*** for the exclusive use of its occupants, including any contiguous areas for temporary automobile parking, incidental storage or other Accessory uses.
- G.5 ***RV: A Recreational Vehicle.***
- G.6 ***RV Park: A Recreational Vehicle Park.***
- G.7 ***Temporary Recreational Occupancy:*** Temporary customer use or occupancy of an ***RV Park*** by an ***RV*** for less than five (5) months of the year.
- G.8 ***Yard:*** An area between a Building or Structure and a Lot line on which that Building or Structure is located. The front Yard shall be located between such Buildings or Structures and the Lot’s Frontage line(s); the side Yard shall be located toward the side Lot Boundaries; and the rear Yard shall be located toward the rear of the Lot.

H: VALIDITY:

If any section, clause, provision or portion of this Ordinance shall be held to be invalid or unconstitutional by any court of competent jurisdiction, such holding shall not affect or impair any other section, clause, provision or portion of this Ordinance.

ARTICLE 4: To see whether the Town will vote to raise and appropriate the sum of three hundred, twenty-five thousand dollars (\$325,000) for the reconstruction/rehabilitation of the

Crescent Lake Dam in accordance with recommendations prepared by the firm of Dubois and King; said sum to be in addition to any federal, state or private funds made available therefor; and in accordance with RSA Chapter 33, the Municipal Finance Act, to authorize the issuance of bonds or notes not exceeding three hundred, twenty-five thousand dollars (\$325, 000) for said purpose, and to authorize the Board of Selectmen to issue and negotiate such bonds or notes, and to determine the rate of interest thereon and the maturity and other terms for this purpose. (Recommended by the Board of Selectmen)
(Recommended by the Budget Committee)

ARTICLE 5: To see whether the Town will vote to raise and appropriate the sum of one hundred thousand dollars (\$100,000) for the engineering and environmental assessment of the former Town Dump located off Route 109A, said sum to be in addition to any federal, state or private funds made available therefor; and in accordance with the RSA Chapter 33, the Municipal Finance Act, to authorize the issuance of bonds or notes not exceeding one hundred thousand dollars (\$100,000), for said purposes, and to authorize the Board of Selectmen to issue and negotiate such bonds or notes, and to determine the rate of interest thereon and the maturity and other terms for these purposes. (Recommended by the Board of Selectmen)(Recommended by the Budget Committee)

ARTICLE 6: To see whether the Town will ratify the financial terms of the collective bargaining agreement reached between the Board of Selectmen and A.F.S.C.M.E. Local Number 534 which results in a cost estimate at sixteen thousand, one hundred and eighteen dollars (\$16,118) for the fiscal year 1998. (Recommended by the Board of Selectmen)(Recommended by the Budget Committee)

ARTICLE 7: Shall the Town raise and appropriate as an operating budget, not including appropriations by special warrant articles, the amounts set forth therein totaling \$13,551,589. Should this article be defeated, the operating budget shall be \$13,408,839, which is the same as last year with certain adjust-

ments required by the previous action of the Town or by law or the governing body may hold one special meeting in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only.

ARTICLE 8: To see whether the Town will vote to raise and appropriate the sum of one hundred, seventy thousand dollars (\$170,000) for the completion of the Landfill Closure Project, (Beach Pond Road) and to authorize the use of the Town's Fund Balance for this purpose. (Recommended by the Board of Selectmen)(Recommended by the Budget Committee)

ARTICLE 9: To see whether the Town will vote to raise and appropriate the sum of eighty thousand dollars (\$80,000) as the Town's estimated share for the reconstruction of the College Road Bridge by the State of New Hampshire through the Transportation Enhancement Program and to authorize the use of the Town's Fund Balance for this purpose. (Recommended by the Board of Selectmen)(Recommended by the Budget Committee)

ARTICLE 10: To see whether the Town will vote to raise and appropriate the sum of eighty thousand dollars (\$80,000) as the Town's estimated share for the reconstruction of the Whitten Neck Road Bridge by the State of New Hampshire through the Transportation Enhancement Program, and to authorize the use of the Town's Fund Balance for this purpose. (Recommended by the Board of Selectmen) (Recommended by the Budget Committee)

ARTICLE 11: To see whether the Town will vote to raise and appropriate the sum of two hundred, thirty-five thousand dollars (\$235,000) for the purchase of a replacement tanker/engine for the Fire Department and further to authorize the withdrawal of one hundred, thirty-five thousand dollars (\$135,000) from the Fire Truck Capital Reserve to offset such expenditure. (Recommended by the Board of Selectmen) (Recommended by the Budget Committee)

ARTICLE 12: To see whether the Town will vote to raise and appropriate the sum of sixty-five thousand dollars (\$65,000) for the reconstruction of the Lehner Street Parking Lot. (Recommended by the Board of Selectmen) (Recommended by the Budget Committee)

ARTICLE 13: To see whether the Town will vote to raise and appropriate the sum of twenty-three thousand, five hundred dollars (\$23,500) to make certain improvements to the Cate/Town Park and Dockside Area, which include landscaping and lighting. (Recommended by the Board of Selectmen) (Recommended by the Budget Committee)

ARTICLE 14: To see whether the Town will vote to authorize the Board of Selectmen to convey to the Kimball Family Realty Trust a portion of the Town's Sewage Treatment Plant property located on Filter Bed Road (Tax Map No. 6-1-20), said portion containing approximately 3,700 square feet, in accordance with a Memorandum of Agreement between the Town and Kimball Family Realty Trust dated July 28, 1997. (Recommended by the Board of Selectmen)

ARTICLE 15: To see whether the Town will vote to authorize the Board of Selectmen to convey an easement to the Kimball Family Realty Trust for the parking of vehicles adjacent to said Trust's property on Glendon Street in Wolfeboro, in accordance with a plan entitled "Plan of Proposed Easement Over Land of Town of Wolfeboro at Glendon Street, Wolfeboro, New Hampshire," by McLean Associates dated September 29, 1995. (Recommended by the Board of Selectmen)

ARTICLE 16: To see whether the Town will vote to adopt the provisions of Chapter 162-K of the New Hampshire State Statutes entitled "Municipal Economic Development and Revitalization Districts." (Recommended by the Board of Selectmen)

ARTICLE 17: To see whether the Town will vote to accept and approve the codification of ordinances and bylaws of the Town of Wolfeboro in the format presented by General Code Publishers Corp., which is on file in the Office of the Town Clerk. Said codification contained in a renumbering, recaptioning and repositioning of the present ordinances and bylaws with no substantive changes. Such codification of the ordinances and bylaws, along with the rules and regulations adopted by the Planning Board or any other Board or Department whose regulations appear in said codification, shall be known as the “Code of the Town of Wolfeboro.” (Recommended by the Board of Selectmen)

ARTICLE 18: To see if the Town, pursuant to RSA 31:3, will authorize the Board of Selectmen to recognize unions of employees and make and enter into collective bargaining contracts with such unions. (Submitted by Petition)

ARTICLE 19: And to conduct any other business that may legally come before this meeting.

Given under our hands and seal, this twenty third day of January, in the year of our Lord nineteen hundred and ninety eight.

..SPECIAL WARRANT ARTICLES**

Special warrant articles are defined in RSA 321:3, VI, as appropriations 1) in petitioned warrant articles; 2) appropriations raised by bonds or notes; 3) appropriating to a separate fund created pursuant to law, such as capital reserve funds or trusts funds; or 4) an appropriation designated on the warrant as a special article or as a nonlapsing or nontransferable article.

Article	PURPOSE OF APPROPRIATIONS (RSA 321:3, VI)	Warrant Article	Appropriations Prior Year As Approved By RSA	Expenditures Prior Year	COUNCILMAN'S APPROPRIATIONS REMOVED FISCAL YEAR		BUDGET COMMITTEE'S APPROPRIATION REMOVED FISCAL YEAR	
					RECOMMENDED	NOT RECOMMENDED	RECOMMENDED	NOT RECOMMENDED
	Landfill Closure	8			170,000		170,000	
	College Road Bridge	9			80,000		80,000	
	Whitten Neck Bridge	10			80,000		80,000

TOWN OF WOLFEBORO
MINUTES OF FIRST SESSION AND ELECTION RESULTS
UNDER PROVISIONS OF RSA 40:13
MARCH 11, 1997 FIRST SESSION
APRIL 8, 1997 ELECTION OF OFFICIALS AND FINAL VOTING
FOR THE 1997 TOWN WARRANT

The first session was held at the Kingswood Regional High School auditorium on March 11, 1997 at 7:00 P.M. The Moderator called the first session to order and announced that Articles 6 through 20 would be discussed at this session and because of the new statutory scheme, the voters do not have the level of discretion nor the flexibility that they had prior to the adoption of RSA 40:13. He explained that the deliberative meeting has been replaced with a plausitory meeting and the purpose of the meeting is to give an airing to the matters which are on the Town Warrant and to entertain amendments to any Article. Matters will then be concluded at an official ballot on April 8th, wherein not only Town Officers will be voted upon and Planning & Zoning, but voting will take place on each Article included in the Town Warrant, which could include Amendments made at this meeting. He went on further to state that one of things that happened in the past could not be done under this new procedure and that is to kill an Article. The Article can only be amended. The Moderator read each Article, asking for motions to move the Articles for discussion purposes. The only Article that was amended was Article 10, under the operating budget wherein an amendment was made by Selectman Hatch, seconded by Selectman Murray to add \$6100 to the executive branch budget. Discussion pursued and the Moderator called for a vote on the Amendment as read. The vote was 100 for and 87 against. The Moderator declared the amendment adopted. The new budget figure to be voted upon at the April 8th, election will be \$13,663,789. The following are the results of the voting of April 8, 1997 held in the undercroft of the All Saints Episcopal Church from 10:00 A.M. to 6:00 P.M. The following were elected as your officers for 1997:

Shirley E. GanemSelectman for three years
 Ann G. MorrisonTreasurer for one year
 William T. FluhrTrustee of Trust Funds for three years
 Warren ClarkeLibrary Trustee for three years
 James R. NelsonLibrary Trustee for three years
 Joe MelansonPolice Commissioner for three years
 Erik H. ArctanderBudget Committee for three years
 Guy L. KrappBudget Committee for three years
 Joseph L. SantoroBudget Committee for three years
 William A. RaePlanning Board for three years
 Paul A. KimballPlanning Board for three years

The results of the Planning and Zoning are as follows:

Article 2:	1049 yes	152 no
Article 3:	1091 yes	175 no
Article 4:	1059 yes	265 no

Zoning Board of Adjustment 1997 Annual Report

The Zoning Board of Adjustment held 25 hearings this year, a 92% increase over the number held in 1996.

This can be primarily attributed to increased development activity in Wolfeboro and more effective enforcement of the Zoning Ordinance. A total of \$2,875 was collected in application fees. The following is a summary of the cases heard.

SPECIAL EXCEPTIONS

Withdrawn (1)

Cornerstone Christian Academy: Route 28 for private school

Granted (6)

Douglas & June Dickinson: North Line Road for Bed & Breakfast

Daniel & Marjorie Schevis: Shady Lane for expansion of non-conforming building

Cornerstone Christian Academy: Route 28 for private school

Joyce Harrah: North Main Street for Bed & Breakfast

Robert & Donna Batson: Eagle Trace for home occupation

Brewster Academy/Great Waters: Academy Drive for acoustical tent (with conditions)

Denied (2)

Kimball Family Realty Trust: Glendon Street for third apartment unit

Kimball Family Realty Trust: Glendon Street for third apartment unit

VARIANCES

Withdrawn (1)

Durgin Stables, Inc.: North Main Street for size and numbers of signs per business

Granted (7)

Holmberg Family Trust/Narrows Condos: off Railroad Avenue for side yard requirements

Holmberg Family Trust: Glendon Street appeal of RSA 674:41,II

Kimball Family Realty Trust: Filter Bed Road for building setback

John McIntosh: Alpine Meadows Drive for equitable waiver of dimensional requirements

Kimball Family Realty Trust: King Street equitable waiver of dimensional requirements

James & Christine Zampell: Keewaydin Point Road for 3 bedroom house on private road

Keewaydin Road Realty Trust: Piper Lane for house on private road

Denied (3)

Donald D'Autuil: Kingswood Road appeal of RSA 674:41,II

Kimball Family Realty Trust: Filter Bed Road for inadequate setbacks

Harwood & Marston, LLC: Railroad Avenue for variance for residential use

APPEAL OF ADMINISTRATIVE DECISION

Upheld (1)

Durgin Stables, Inc.: North Main Street for size and numbers of signs per business

Overtured (1)

Holmberg Family Trust: Glendon Street for coin operated laundry

Amended (1)

Lakeview Inn: North Main Street for amendment to Planning Board decision

MOTION FOR REHEARING

Granted (0)

Denied (2)

Kimball Family Realty Trust: Glendon Street for third apartment unit

Harwood & Marston, LLC: Railroad Avenue for variance for residential use

Respectfully submitted,

WOLFEBORO ZONING BOARD OF ADJUSTMENT

Brian C. Underwood

Chairman

Report of the Chairman of the Board of Selectmen

The Wolfeboro Municipal Electric Department celebrated its 100th anniversary in 1997. The long record of community service, safety, and cost effectiveness happened to coincide with a comprehensive study of the system. Outside engineers made a complete list of specific improvements needed to sustain that reliability.

Further support for the Department was provided by "contracting out" for managerial and engineering resources. Skeet Buswell is the highly visible and experienced addition to our staffing for the direction of current and future plans to enhance the quality of electric service.

It is a happy coincidence that such improvements can be accomplished out of savings in the cost of purchased power. Our supplier, the Public Service of New Hampshire subsidiary of Northeast Utilities, had shown no interest in negotiating our supply contract until we exercised in late 1995 our right to terminate the existing contract in five years.

Reaching an agreement by mid-1997 made it possible for us to use a new rate study to set new rates to be effective on January 1, 1998. By extending the supply contract from December 31, 2000 to October 31, 2003, we were able to introduce market rates plus an adjustment for PSNH's recovery of stranded costs. On October 31, 2003, we shall be completely free to negotiate rates. In the meantime, we have avoided the rate increase in our previous contract and stabilized the generation component of total costs. Our previously below average rates will be the lowest in this area. The first century of our Municipal Electric Department, thus, ended on a happy note.

We commend the Town Manager, the Department Heads, and their staffs for their energy, expertise, and commitment to meeting the needs of our people in a cost effective manner.

Respectfully submitted,
Roger F. Murray 2nd, Chairman
Paul R. Hatch
Shirley E. Ganem
Board of Selectmen

Report of the Building Official

During 1997, permits for single family homes decreased from 1996. However, permits for commercial construction, renovations and accessory buildings increased. Total construction activity increased more than 10%. Contractors have been very cooperative in complying with the codes adopted in April. The most significant construction projects in 1997 were Phase I of the Sugar Hill Senior Housing, completion of the Crescent Lake School, renovations to Carpenter School, renovation to Brown Hall at Brewster Academy and several large homes on Lake Winnepesaukee. The following is a summary of the 1997 permits:

Commercial Buildings	15	Single Family Dwellings	34
Renovations	49	Additions	26
Decks	30	Mobile Homes	7
Garages	32	Sheds	16
Reroofing	42	Buildings Razed	16
Pools	2	Miscellaneous	70
Certificates of Occupancy	138	Electrical Permits	147
Plumbing Permits	82	Gas Piping Permits	5
Tent Permits	24		

I wish to give thanks to all the Town Department Heads that assisted me in my roll as Building Official and special thanks to my secretary, Ruth Morse, for her dedication and diligence.

Respectfully Submitted
Richard G. Hammer, Building Official

Wolfeboro Central Dispatch Annual Report

This past year has been a busy one for Central Dispatch. Although we are a unit of the Police Department, we provide full-time dispatch/clerical assistance to the Fire Department and dispatch the ambulance service for emergencies. The number of persons entering the building on some type of business was nearly a 29% increase from 7,873 in 1996 to 10,148 this year. There was a 16.5% increase in the number of messages we handled through the telephone and radio systems (66,452 in 1996 and 77,424 in 1997). One category is labeled "Dispatch For Fire Department." This is a category used whenever Central Dispatch takes over all of the communications for the Fire Department, including answering their telephones. In this category there was an 11% increase. Actual 9-1-1 calls increased slightly more than 10%.

The Wolfeboro Children's Christmas Fund had another successful year. Dispatcher Laurie Brown handled this project and did an outstanding job in administering it. Coordinating the requests, organizing the purchasing and wrapping, developing delivery routes and packaging the gifts for ultimate distribution by the Police Department in assisting Santa with deliveries is a monumental task. This year the community support was higher than it has ever been. It enabled us to acquire most of the most sought after items. Again, as in the past, assistance of our local media in spreading the word was invaluable. There were also articles in other papers this year, praising the program. Thanks to all for your time and donations in ensuring the continuance of this worthwhile program.

Finally, the popular "Good Morning" program continues. There are currently ten persons in the program. Anyone interested in participating can contact Dispatch Supervisor Shelly Manchester for an application and other details. Basically, the program is designed for older people who live alone and are not in regular contact with other people.

An expanded accounting for the past year will be available as part of the Police Department's Annual Report and will be available at the Police Station.

Respectfully Submitted,
Stanley E. Stevens, Chief of Police

Wolfeboro Conservation Commission

1997 Annual Report

The Wolfeboro Conservation Commission again responded to the environmental concerns of the Town's citizens.

The Commission field inspected fifty five (55) dredge and fill applications for the New Hampshire Wetlands Bureau and submitted its recommendations to assist the Bureau in making decisions. The applications were requests for docks, breakwaters, beaches, boat canopies, boat ramps, dug-in boathouses, culverts and dredging and filling of wetlands. Field inspections and reports, when requested were prepared for the Planning Board, Town Planner and Code Officer.

The Commission's members continued to attend seminars, classes and field trips to improve their knowledge and skills including participation in the annual meeting of the New Hampshire Association of Conservation Commissions in November. Some members are officers or trustees of related associations.

The Commission is presently evaluating the aquifers in Wolfeboro.

The Commission continues to improve the public access to the conservation lands and expects to have additional walking trails and passive recreation areas available during 1998.

My thanks and appreciation to the members for their support and commitment to Wolfeboro's environment. A special thanks to Laura Nichols for the many personal hours given.

Respectfully Submitted
William A. Rae
Chairperson

Wolfeboro Fire-Rescue Department

Chief of Fire-Rescue

Annual Report

The Primary Mission of the Wolfeboro Fire-Rescue Department is to provide a Range of Programs designed to protect the Lives and Property of the inhabitants of the Town of Wolfeboro from the adverse effects of Fire, Sudden Medical Emergencies or Exposures to Dangerous Conditions created by either man or nature.

Once again, this commitment was recognized when, on August 22, 1997 the Fire-Rescue Department was awarded the Life Safety Achievement Award. This honor was bestowed upon the Department by the International Association of Fire Chiefs and Operation Life Safety. This recognition is for the successful response to an extinguishment of fire without the loss of a single life in 1996 through active Education, Code Enforcement, and Inspection Programs under the leadership of Lt. Philip Morrill, Jr. of the Fire Prevention/Code Division.

The Wolfeboro Fire-Rescue Department is one of 207 departments in 42 states, one country, and the District of Columbia who were recognized for these accomplishments. We were one of only two departments in New Hampshire to receive this award and the only department in New England to be recognized three years running.

The Fire-Rescue Department answered a total of 810 emergency calls during the year. The breakdown of alarms consisted of:

Box Alarms (includes 22 Box 3 and 2 Box 2)	84
Still Alarms, NO EMS/MVA	257
Still Alarms, EMS/MVA only	469
Total Calls	810

During the year, fire calls increased by 6, rescue calls increased by 40. Combined, there was an increase of 46 calls over 1996 or a 6% increase in activity.

Since 1992, the Fire-Rescue Department has seen it's emer-

agency calls increase from 449 in 1992 to 810 in 1997. This is an increase of 361 calls over a five-year period or an 80% increase in activity for the Fire-Rescue Department.

Fire Prevention activities remained active during the year. Members conducted the ongoing fire prevention education program at the local schools, under the direction of Lieutenant David Brackett and Firefighter/EMT Tom Zotti. Fire drills were also conducted at the local schools to prepare our young people for proper reaction in the event of an emergency. Department members also conducted numerous courtesy inspections in private dwellings as well as the business community.

The Fire alarm system had its largest increase to date with additions to the Master Box system. The first addition came in August when Crescent Lake Elementary School (Box 518) was completed. The second addition to the system came in October when the very large Sugar Hill Retirement Community (Box 741) went on line. Last, but not least, Brewster Academy had 28 Master Boxes added to the system in December. Brewster had been working for approximately 18 months on completing fire alarm system upgrades in all their buildings. In doing so, this will provide further protection of students, staff and property.

General maintenance, cleaning and painting of boxes, wire replacement, pole wraps, etc., continued in 1997 and will continue to ensure safety to the citizens and visitors of Wolfeboro.

Knox Box use, again, stayed steady in 1997. Six new Knox Boxes were installed at the following locations. Kingswood Regional High School, Kingswood Regional Middle School, Region 9 Vocational Center, Crescent Lake Elementary School, Sugar Hill Retirement Community and a large apartment building in South Wolfeboro. A thanks to all of the people responsible for having Knox Boxes installed. It's a great help, saves a lot of time and saves from damage when a key is not available.

Once again in 1997 maintenance costs remained high on vehicles and apparatus. We continue to perform work on the vehicles, assisted by the Public Works garage and Lakes Region Fire Apparatus.

Also during the year, test and other check on equipment and

self-contained breathing apparatus and bottles were performed in accordance with recognized standards and procedures and replacement of cascade pressure maintenance valve on SCBA compressor was completed.

The Fire-Rescue Department's 32 members attended approximately 2,404 hours on training for 1997.

Approximately 75 hours of public education programs were delivered to the citizens, business groups, school and organizations of Wolfeboro.

The single biggest Public Education function of 1997 was, as always, October's Fire Prevention Week. Programs were provided for about 600 children ranging in age from 3- and 4-years olds at the Wolfeboro Area Children's Center, the Wolfeboro Nursery School, K through 3rd graders at the Carpenter School, and 4th through 6th graders at Crescent Lake School.

The ongoing process of providing to the local media the weekly Wolfeboro Fire-Rescue log of emergency calls continued through 1997.

In 1997, the Emergency Medical Services continued to see an increase. Emergency Medical personnel responded to 469 calls, including 319 medical emergencies (i.e. strokes, falls, sports injuries and lacerations), 11 working codes (heart attacks), and 139 motor vehicle accidents. In all, we treated 582 patients with our busiest month being July, when we had 53 calls and treated 84 patients.

Emergency Medical Services has seen emergency calls increase from 212 in 1992 to 469 in 1997; an increase of 257 calls or 121% during a five-year period.

Respectfully Submitted,
Michael J. Howard
Chief of Fire-Rescue

Note: A complete and comprehensive Annual Fire-Rescue report is available at the Fire-Rescue Department upon request.

Report of Town Forest Fire Warden and State Forest Ranger

To aid your Forest Fire Warden, Fire Department and State Forest Ranger, contact your local Warden or Fire Department to find out if a permit is required. Violations of RSA 227-L:17, the fire permit law and the other burning laws of the State of New Hampshire are misdemeanors punishable by fines of up to \$2,000 and/or a year in jail. Violators are also liable for all fire suppression costs.

There are ten Forest Rangers who work for the New Hampshire Division of Forests and Lands, Forest Protection Bureau. State Forest Rangers are available to assist communities with forest fire suppression, prevention and training programs as well as the enforcement of forest fire and timber harvest laws. If you have any questions regarding forest fire or timber harvest laws, please call our office at 271-2217.

There are 2400 Forest Fire Wardens and Deputy Forest Fire Wardens throughout the state. Each town has a Forest Fire Warden and several Deputy Wardens who assist the Forest Rangers with forest fire suppression, prevention, and law enforcement. The 1997 fire season was a safe period for wildland firefighters with no major injuries reported. The drought conditions experienced during the early summer months was a significant factor resulting in the total number of fires reported during the season.

The State of New Hampshire operates 15 fire towers, 2 mobile patrols and 3 contract aircraft patrols. This early detection and reports from citizens aid in the quick response from local fire departments. This is a critical factor in controlling the size of wildland fires and keeping the loss of property and suppression costs as low as possible.

Household Hazardous Waste Collection Report

Again this year, the weather was glorious on Saturday (July 26) as Wolfeboro participated with 23 other towns in the Household Hazardous Waste Collection. The annual collection is organized by the Lakes Region Planning Commission to reduce the costs to individual towns by staging collections at 9 sites simultaneously. Financial commitments by cooperating towns and a grant from the State of NH Department of Environmental Services fund the event.

The 293 cars attending the Wolfeboro site represented 402 households, an 18% increase over the number of households last year. Approximately 275 gallons of oil/gas/kerosene were collected and will be used in the waste oil heater at the public works garage. Forty car batteries will be recycled. The number of cars and households represented at the Wolfeboro site again beat even Laconia. GOOD JOB!

As the local site-coordinator, I want to thank all the people that came to the collection. YOU make the day a success. A heart-felt thank you to all the volunteers from Wolfeboro, Alton, and Tuftonboro: adults, youth groups and two campers (Nat and Jason) who came last year. Thanks to: Joyce Davis, Jim and Fran Washburn, Marty and Carole Bilafer, Curt Pike, Justine Gengras, Doug Smithwood, Carl Willgoose, Ed Carroll, John Burt, Tina Silk, Margle Blodgett, the Appalachian Mountain Teen Project: Michael Dower and Lynn Carey, Camp William Lawrence: Dave Lowe, Dave Angell, William Kellett, Jason Antin, and Nat Brown. Bread and Roses graciously donated goodies for the volunteers and Louis Pizza was prompt with the waste haulers' lunch.

The many departments utilizing the 109A facilities are outstandingly cooperative as I invade their areas for the weekend. Jim Heald is a four year veteran setting up the site and keeping the waste oil disposal under control; Barry Muccio posts signs and Steve Champagne tallied hundreds of questionnaires. Most of all, thank you to those that came to the collection.

Front page coverage by one of the local newspapers, and interviews with the local radio station educate and remind the

community of the collection. It is truly an impressive demonstration of community support for the hazardous waste collection that over 32 businesses display the flyers.

We look forward to seeing you again the fourth Saturday of July in 1998. Mark the calendar 9 AM to noon (we regret disappointing late-comers once the waste haulers are packed). Collect your pesticides, oil paint, drain and oven cleaners, etc. in a cardboard box. Keep up the good work, become a member of a great mid-summer tradition! The Lakes Region Planning Commission has had the most successful program in the state and it is because of each one of you.

Respectfully Submitted,
Sarah M. Silk, HHWC Site Coordinator

Report of the Libby Museum

The Libby Museum celebrated its 85th anniversary in 1997.

The Museum continues to be a beautiful spot on the lake - a place of natural history where summer visitors - both adults and children - explore and enjoy the many and varied collections of Dr. Libby, enjoy exhibits of N.H. artists and the very successful Enviro-Arts Program for Children.

The Friends of Libby provided funding for two Canada geese, one beaver, a new outdoor sign, radio advertising and many other requests of the Director for the continuing success of our kids programs. (The approximate amount of this funding totaled \$3,500)

The Friends also applied for and received a \$5,000 challenge grant from N.H. Lakes Region Charitable Foundation to continue the inventory, labeling and setting up a data base for reference and research use for the public, schools, etc. Through contributions, \$2,000 was raised and donated to the grant. Judy Brenner is in charge of the project.

The Libby, for 1998, will have a computer provided by the Town of Wolfeboro.

The Friends of Libby started a funding campaign, with the approval of the Town of Wolfeboro and the Trustees, to build a pavilion for an outdoor classroom and also, a place for lunch and enjoying the view.

The Museum would like to thank Parks and Recreation for its continued care of the grounds.

A special thanks to our Enviro-Arts staff: Susan Berry, Sally Cornwell, Cathy Butt, Tracy Lionette, John O'Connell, Joanne Parise, Rachel Perkins and the volunteers who continue to greet our visitors.

Thanks to the continued music programs provided by the Lake Winnepesaukee Music Festival Musicians.

The Town of Wolfeboro and the Trustees continue to give total support to all my programs and to maintain this beautiful building. Thank you.

Respectfully submitted,
Patricia F. Smith, Director

Municipal Electric Department

Municipal Resources Inc., was hired in 1997 to provide professional and managerial support to the Wolfeboro Municipal Electric Department. Through its alliance with New Hampshire Electric CO-OP, Inc., Municipal Resources Inc. has provided extensive operational back up and support when needed. 1997 was the first year of a three year contract, during which on-site Project Manager, Skeet Buswell has worked with employees and local officials.

In this past year, the Wolfeboro Municipal Electric Department accomplished many of its' goals. A pole numbering program has been instituted and more than 1200 poles have been numbered. During this process information obtained has included metering locations, customers served, and street light and transformer locations and specifications. Pertinent information was recorded from all 1200+ poles. An important addition to the Department in 1997 was the implementation of a Line Design Program. The program is in conjunction with the Department's adoption of the REA/RUS specifications for overhead and underground line construction. Through this program, all projects are designed on a staking sheet and all new construction and system upgrades are built to the newly adopted standards. Each employee has been provided with a specification manual to assist them in performing to these standards. As a result of the implementation of the Line Design Program, ninety-nine new services were staked and completed. Twenty-eight service upgrades, nineteen Telephone company requests and eighty-six MED system improvements were staked and completed. 14.23 miles (75,134.4 feet) of right-of-way clearing was done. Two hundred and ninety-one jobs were staked and two hundred and sixty-nine completed. Thirty-three street and yard lights were installed. Meter testing equipment was purchased for testing single phase domestic meters, and the Meter Testing Program is in place and on going.

Credit must be given to the Board of Selectmen and Town Manager for their diligence in accomplishing the stabilization of rates. We must thank Dennis Bean and the employees of the Electric Department for their cooperation in making 1997

a very productive year for this Department.

Respectfully Submitted,
ISAAC "SKEET" BUSWELL
Manager of Operations

Report of the Department of Parks and Recreation

The Wolfeboro Department of Parks and Recreation Administrative Division oversees the operation and programming for eight divisions; Maintenance, Playgrounds, Beaches, Ski Skate Area, Buildings, Historic Houses, and the Pop Whalen Arena, Patriotic Purposes, as well as administering capital projects such as Cate Park/Dockside improvements.

The Maintenance Division is responsible for all grounds for public properties. Kathy Rankin and David Wheeler work diligently to keep up with the challenges of maintaining the various public properties and their winter responsibilities at the Pop Whalen Arena and the Abenaki Ski Area. Public Works employees once again assisted with the installation of bricks (which were donated by the Wolfeboro Garden Club) along dockside. The division completed a comprehensive plan for major renovations at Cate Park and the Town Park. The staff observed a rise in vandalism of public property and buildings in 1997.

The Playground Division funds recreation programs and special events. In 1997, the Department served 1747 different individuals (not including Pop Whalen Arena attendance, the Abenaki Ski Area attendance, beach attendance, or park and trail usage). In 1997, the Department recorded 2968 volunteer hours donated by over 283 different individuals. There was a large increase in attendance in all adult recreation programs this year and the new Kreative Kooking for Kids program was very well received. The Granite State News girls softball team won the Carroll County tournament and the Abenaki Winter Triathlon was held for the first time in several years. The Fall soccer program expanded from 150 in 1996 to 216 participants in 1997.

The Beaches Division finds the operation of the Towns three public beaches including lifeguards, swim instructors and swim team coaches. Programs include; swimming lessons with 257 participants, water aerobics for active adults (6), and the Wolfeboro Swim Team had 71 members.

The Ski/Skate Division includes the maintenance, insurance

and operation of the Abenaki Ski Area, Cross Country Ski Trails and the Outdoor Skating rink. In the 1996-97 Season, there were a total of 28 ski days and 924 skier visits (alpine numbers only). For the second consecutive year, the rope tow operated during the Christmas vacation. The Town cross country ski trails received some major renovations thanks to a grant secured by the Wolfeboro Cross Country Ski Association.

The Pop Whalen Enterprise Fund operates the arena six months per year. The 1996-97 season included participation from 269 season pass holders. The total skater visits for last season was 7066.

The Buildings (Community Center) Division includes costs associated with the building. In 1997, the roof on this facility was reshingled.

The Historic Houses Division includes the maintenance and upkeep of the three buildings located on the Clark Museum site. In 1997, an engineering study was funded to address the collapsing rubble foundation of the Clark House, additional smoke detectors were installed, and the building exteriors were painted.

The Patriotic Purposes budget relates to the American Legion for Fourth of July Fireworks and Parade, Veterans and Memorial Day celebrations, and flags.

In summary, 1997 was a very positive year for the Department of Parks and Recreation thanks to the community support, the many volunteers, community organizations, and the dedicated seasonal support staff who round out the department.

Respectfully submitted,
Susan M. Glenn, CLP

1997 Planning Board and Planning Department Report

The most important continuing goal and guide for action of the Wolfeboro Planning Board is provided in Wolfeboro's Master Plan Vision Statement

Wolfeboro is a community that is the premier quality destination in the Lakes Region as a place to live and visit. It is a community that is sensitive to, and protective of the environment, particularly its abundant water resources; its visually appealing; preserves the qualities of its village and rural character; is safe and provides quality, year-round economic and recreational opportunities for people of all ages. Wolfeboro is a regional center for tourism, recreation, culture, retirement living, specialized health care, education and also a desirable, year-round location for retirees, families and households of varying income levels.

1997 Activities and recognition included:

- The Planning Board's work on a new sign ordinance which was ultimately approved by Town voters.
- Work was continued on a restructuring/recodification of the entire Town's Planning and Zoning Ordinance.
- Master Plan recommendations were accepted and lead to the establishment of several community committees, including: a Capital Improvement Committee, Municipal Sign Committee, and a Fine Arts Coordination Committee.
- The New Hampshire Office of State Planning, at it's annual state-wide meeting of Planning Board Members, recognized the Wolfeboro Master Plan and the Wolfeboro Design Review Program as the best in the State. Both of these Plans were awarded "Plan of the Year" awards.
- The entire Wolfeboro Planning Board was awarded the annual "1997 Citizen Planners - Award of Merit" for it's sustained work over the past five years.

The Town is blessed with an enormous resource, its volunteers. We would like to thank all the residents who volunteer their time, energy, and resources in assisting the department with an amazing range of topics and projects. Your contribu-

tions to the Town make Wolfeboro a better community and makes our work more pleasurable. Also, we would like to thank Robin McNally and Ruth Morse for their administrative support and guidance. Their unseen efforts have allowed us to make the progress we have in 1997.

In closing, with the zoning administration duties transferred to the Town Planner, the codes department and the planning department have become more interdependent on each others expertise. We would also like to thank Richard Hammer, the Town's Building Official, for his support and effectiveness in carrying out his duties and responsibilities. Equitable enforcement of the Zoning Ordinance ensures the long term implementation of the Master Plan.

Planning Board actions for 1997 included:

Subdivisions	1 - 2 Lot
Boundary Line Adjustments	7
Site Review	11
Change of Use	7
Expansion of Use	6
Plan Amendments	3
Home Occupations	1
Special Use Permits	1

Please stop in if you would like to talk about the planning issues facing Wolfeboro.

Respectfully Submitted,
David Booth, Chairman
Wolfeboro Planning Board
Robert T. Houseman,
Town Planner

Wolfeboro Police Department Annual Report

We have completed another year of service to the Town. For the most part, statistics indicate a slightly lower level of activity than in the preceding year. One statistic that is bitter-sweet is the significant reduction in the number of traffic accidents. The down side is that one of those accidents involved the death of a young Wolfeboro man. This was the first fatality in Wolfeboro in several years.

The usual number of large events was held. We were able to "farm out" a large part of our traffic control to the County Police Assistance Network (CPAN), a group of volunteers who, for the most part, have police or military experience. This group of men and women provided traffic control for the Fourth of July Parade and the fireworks. They receive a nominal reimbursement to cover their expenses. For the 8 people they assigned, we reimbursed them a total of about \$100.

Other events required "Hiring out" with other police departments. Ossipee and Tuftonboro Police Department provided officers to assist in coverage at the football games. The same departments assist in coverage at the annual school meeting. The New Hampshire State Police have been very helpful in performing traffic control for the Winni Relay race. Given the number of personnel that we have, we would not be able to cover the events mentioned. Outside assistance is essential.

This year the Governor Wentworth School District and the Wolfeboro Police Department produced a pamphlet entitled "Stop For The School Bus." This is in recognition of a problem that is very disturbing to both Schools and Police Departments. Among the interesting facts are that there are more than 2,200 school buses traveling over 11 million miles each year and transporting an estimated 162,000 New Hampshire pupils to and from school daily. Where the problem arises is in a survey conducted by the New Hampshire School Transportation Association. This survey revealed that from March 1, 1997 until the end of the school year in June (74 school days) 918 of the State's 2,200+ drivers reported 1,947 alleged violations for passing stopped school buses. If you factor that out for one

school year, as many as 11,500 violations could have been recorded. The pamphlet is available at the Public Safety Building and through the GWRSD.

An expanded accounting for the past year will be available as part of the Police Department's Annual Report and will be available at the Police Station.

I would like to close by thanking all those who have assisted us during the past year.

Respectfully Submitted,
Stanley E. Stevens, Chief of Police

Department of Public Works

Director's Report

Once again the DPW experienced a very challenging and worthwhile year. The divisions responded to the needs of our citizens in a constructive and positive manner. With the help and assistance of various consultants, contractors and town folks numerous projects that are vital to town operations were initiated. Our WWTP operations successfully completed their first year under contract operations. Woodard & Curran brings a wealth of knowledge and experience to our wastewater activities. A new heating system for the sludge dewatering building and upgrades of pumps and aeration tanks have been accomplished. Our main thrust of work in the upcoming year will be the spray disposal fields. Investigation concerning the soils and forest management practices is being studied and evaluated.

The much published inflow and infiltration projects are under way. The contract package was advertised and an award was made to F.L. Merrill, Pembroke, NH. These projects will be spread over a period of several years. The objective is to alleviate the excessive flows into our wastewater system.

After many years of discussion, coordination, and legal considerations, the Filter Bed Road project has come to fruition. A local contractor Brad Harriman submitted the low bid and was awarded the contract. Work will commence in 1998.

Our solid waste operations' improvements are continuing at a well organized pace. The new compactor building and equipment have been ordered and installed. The final phase of the landfill closure was awarded to Pike Industries. Thousands of yards of material have been moved and preliminary grades established. The site closure operations are closed for the winter months; however, heavy equipment will be visible again this spring. At this moment I am working with the state to pursue opportunities for use of the area after final closure. Would it be appropriate to develop a "wellness" trail or pathway? I have discussed this vision with the Pathway Committee and their support is positive!

After completing several pre design elements, the Crescent

Lake Dam pre construction project is ongoing. The timber portion of the spillway needs to be replaced. The engineering firm of Dubois & King has been hired to lead us through the maze of requirements. A concrete structure has been preliminarily identified as the major construction component.

Through all the above activities the division heads and crews are meeting the demands that face "Striving For Excellence." Some personnel changes have occurred. Doug Sargent has replaced David Ford, and will lead the new Engineering Technical Services' Division. We are most pleased to have Doug within the department. As a retired Air Force Engineering Facilities Officer, he brings many years of experience to our town. It is only appropriate to personally thank Mary Ann Stansfield for her contributions and efforts that she put forth in the administration area. Mary Ann was a diligent worker and set up many of the department's procedures for achieving effective results. We welcome Marie Watson who has accepted the new challenges within the administration division.

Since "Striving For Excellence" still drives our mission, I am most proud of our members that strive to support and dedicate themselves to make this praise meaningful and worthwhile. A final note of thanks to the Town Manager and the Board of Selectmen for allowing me to complete a two year term as President of the NH Public Works Association. My affiliation with the many dedicated public works officials and organizations throughout the granite state was most rewarding. Our network for sharing information and ideas is most valuable in our daily endeavors. I feel our new mission statement will address the organization's direction for the upcoming years.

Marty Bilafer
Director of Public Works

The Town Clerk's office has experienced an influx of new residents in 1997 with the new Sugar Hill development, Birch Hill Estates, and other added developments. As a Municipal Agent for the State of New Hampshire Department of Safety I will be participating in the new plate issue which is scheduled to take place July 1, 1998. It is also anticipated that our office will be directly networked with the Department of Safety in Concord in the very near future whereby we will be offering more services for motor vehicle registrations. I would like to remind Wolfeboro residents of the importance of having their dogs inoculated and licensed for the 1998 year. All dogs must be licensed by April

30th. of each year. As you can see by the revenue numbers residents are adhering to this law, which is so very important. The State of New Hampshire Bureau of Vital Records have installed new Vision 2000 programs in various test sites in various Town and City Clerk's offices and once this program has been fully tested and approved it will be available in all Town and City Clerks' offices allowing a person to obtain vital records in any Town or City. At present, these records can only be obtained in the Town or City of occurrence or at the Bureau's office in Concord. The renewal notices for motor vehicle registrations are still being filed to residents allowing them the opportunity to renew by mail. We still welcome all of you to come in to see us in our office.

Sue, Martha and I would like to thank all of you for your cooperation throughout the year and look forward to serving you in 1998.

Pat Waterman, Town Clerk

Report of the Tree Warden

The Arbor Day ceremony was held on April 25th at the head of the Bridge-Falls Path at 11:00 a.m.

The Robert Felix Memorial Tree was planted and dedicated by the International Society of Arboriculture, New England Chapter, in honor of Mr. Felix. Robert Felix was the executive secretary of the National/Arborist Association and was a long time summer resident of Wolfeboro. The ceremony included poetry readings by Carpenter Elementary School students.

After the dedication Bill Swaffield, former Tree Warden accepted a flag denoting Wolfeboro's 15th year as a Tree City USA.

Pruning, fertilizing and maintenance was done at the Town Parks, Municipal Buildings and along the streets.

Thanks to the Municipal Electric Department crews for the tree pruning throughout the year.

Respectfully Submitted,
William A. Rae
Tree Warden

Report of The Welfare Department

1997 proved to be a hard year for the welfare department. Harsh winters at each end of the year stretched heating and electric budgets. The state's welfare reform passed many costs down to the towns as expected. Single working mothers often found the cost of child care equal to their paycheck. Most of the requests, as in the past, were for rental assistance, and budget excesses were hotly debated in committee as well as in the press. People became polarized in the issue, debating the basics of welfare. Town welfare is a temporary aid for people who find themselves in a difficult situation. Loss of income due to lay offs, injury or other reasons can put people in jeopardy of losing their home. Timely aid can avert a personal disaster for someone. We served 79 different clients in 1997, just a few more than 1996. Most clients are one time users of the program. But everyone's situation is different. These are not vague welfare mothers from another state, these are your friends, neighbors, sons and daughters. Welfare dollars are spent within the community which means rental assistance also benefits the property owner and tax payer.

I am grateful for the assistance of charitable groups in town, the churches and, of course, Life Ministries, operators of the Food Pantry. I am also extremely grateful for the generous contributions of several individuals and local businesses that wish to remain anonymous for their gifts to families, that made such a big difference in their lives.

1998 is off to a rocky start, weatherwise, but we hope that it will be a better year welfare wise.

Respectfully submitted,

William T. Fluhr
Welfare Director

Report of the Wolfeborough Historic District Commission

The WHDC conducted seven meetings during 1997 - two Special Meetings and five Regular Meetings.

The WHDC addressed two new homes, one addition, one commercial sign, one shed alteration, one new equipment shed, two exterior modifications and one violation of the Historic District Ordinance. Unfortunately two meetings had to be continued due to the lack of a quorum.

The Commission meets, when necessary, on the second Tuesday (except March - the third Tuesday) in the months of January, March, May, September and November at 7:30 PM in the Town Office Building or the Wolfeborough Public Library. All meetings are open to the public. Special Meetings are held to accommodate the requests of parties who could have been inconvenienced had they had to wait for the next regularly scheduled meeting.

Respectfully submitted,
Peter D. Roessiger, Chairman
Roger F. Murray, II, Selectmen's Representative
Lillian Brookes
Judy Breuninger
Kevin Kelly
Gene Goodwin

Wolfeboro Historical Society

1997 Annual Report

1997 was another successful year for the Wolfeboro Historical Society. In January we began discussions relating to the need for a climate controlled building for our library. This has been a major concern of the society for some time. We must preserve the paper history of Wolfeboro. Many meetings and discussions were held through the year to determine what is needed to house the historic paper and artifacts the society holds in it's possession. This is an ongoing project.

The Clark House Museum Complex opened to visitors in July. Our Tour Director, Ruth Glidden scheduled eight special summer events in July and August. These events were well attended and the society thanks Ruth and all the speakers for their time and efforts.

To open the museum complex six days a week, for two months, takes many volunteers. Thanks to each and every one of you for giving the society these hours from your busy summer. We appreciate You. We also thank our Volunteer Coordinators, Ruth Glidden and Ralph Malmgren.

The Society would like to thank the Boy Scouts and their leaders for helping us move and store the remaining copies of "Benjamin F. Parker's History of Wolfeboro."

Many thanks to the Wolfeboro Garden Club for their continued care of the flower gardens in the park area of the museums and the large Christmas wreath for Clark House.

Thanks to Sue Glenn, Director of Parks and Recreation for taking care of the preservation needs of the museum buildings and to Kathy Rankin and David Wheeler for their efforts in taking care of the park grounds.

All our regular meetings, held on the first Monday of April thru November, are open to the public. Please come and join with us.

Joan E. Kimball, President
Wolfeboro Historical Society

Wolfeboro Public Library

Annual Report 1997

The Wolfeboro Public Library continued to attract increasing numbers of patrons in 1997. Each year circulation figures rise, and this year was no exception. Trustees Warren Clarke, Laura Duffy, Jeanne Harriman, Mike Nelson and I are pleased that the Wolfeboro Public Library and its fine staff, under the direction of Louise Gehman, continued to serve the wide-ranging and ever increasing needs of the public with patience and skill.

Behind the scenes, the trustees worked to correct problems with the entrance to the brick walkway from the back parking lot caused by frost heaves and contracted to address water drainage problems in the underground service area of the children's section and the basement. A new copier was purchased to replace the aging and breakdown-prone model in use, and plans were developed to replace the existing lights with a more energy efficient and effective indirect lighting system.

The Board thanks the Wolfeboro Parks and Recreation Department for their part in helping to maintain the plants and grounds, volunteer Parm Pritchett for weeding the flower beds during the warm summer months, the Governor Wentworth Arts Council for organizing the monthly art exhibits and, of course, the Friends of the Wolfeboro Library for their faithful support.

Submitted by,
Elissa Paquette, Chairman
Wolfeboro Public Library Board of Trustees

Report of the Librarian

The yearly circulation of books, periodicals, pamphlets, sound recordings, videocassettes, audiocassettes, compact discs, Polaroid cameras, films, Library passes to the Christa McAuliffe Planetarium, Science Center of New Hampshire, and the Currier Gallery of Art, and library materials borrowed on interlibrary loan was as follows:

Adult Fiction	23,200
Adult Non-Fiction	18,201
Interlibrary Loan Materials Loaned to Other Libraries	(642)

Juvenile Fiction and Non-Fiction	25,680
Uncatalogued Paperbacks	2,802
Periodicals, Pamphlets, Newspapers	
Catalogs, and Town Reports	4,074
Audiovisual Materials (Videocassettes,	
Audiocassettes, Sound Recordings,	
Compact Discs, Films, Polaroid	
Cameras)	25,315
Tapes to Shut-Ins	130
Books and Other Library Materials	
Borrowed on Interlibrary Loan From	
Other Libraries	1,588
Library Passes	29
TOTAL CIRCULATION	101,039

In addition the following statistics were tallied in 1997:

Reference questions	6,192
Catalogued Books and Audiovisual	
Materials Added	2,590
New Cards Issued	803
Patrons Re-Registered	1,453
Interlibrary Loan Requests Made by	
Wolfeboro Public Library Patrons	1,542
Adult Programs	51
Adult Attendance at Programs	1,306
Juvenile Programs	92
Juvenile Attendance at Programs	2,074

A reading discussion program sponsored by the New Hampshire Humanities Council, entitled "The New South II," was held in February and March. In October a book discussion group was formed, reading a new book each month.

Programs for adults this summer included those presented by Marty Basch on his bicycle trip through Scandinavia, Richard Marshall on covered bridges of New Hampshire, Betty Jean Steinshouer on Laura Ingalls Wilder, Ralph Kirschner on Baffin Island, Linda Chestney on mountain biking, and Larry Pletcher on hiking in New Hampshire. A gift of \$1,000 from James J. O'Rourke through A & A Manufacturing Co. in New Berlin,

Wisconsin helped to fund some of these programs with the balance going toward our book fund. In addition the film series continues every Thursday afternoon from October to May.

The Friends of the Library sponsored programs with Ted Cole on his trip to China, Bruce Heald on the history of the MS Mount Washington, and Muff Worden on Celtic music. The annual Book and Author Luncheon featured Ted Hewson, Mary Lyn Ray, and Ted Wiesner, with the speakers introduced by Jack Barnes.

The Friends paid for reprinting another 5,000 copies of our library brochure, purchased another ten volumes in the Library of America series, purchased a new WORLD BOOK ENCYCLOPEDIA, and continued the purchase of the New Hampshire REVISED STATUTES ANNOTATED update and updates to the "Enchantment of the World" series for children. They also provide passes to the Christa McAuliffe Planetarium and the Science Center of New Hampshire.

Special children's programs were presented by our children's librarian, Anita Muise, on mask making, valentines, macrame, pumpkin decorating, and 3-D cards. Classes of elementary age children came to the library for instruction. Papa Joe presented a special storytelling program in February, funded by a grant from the Nicole Jutras Fund of the Lakes Region Charitable Foundation. Rebecca Rosenthal presented a special nature program in November. A babysitting course was held in cooperation with the Cooperative Extension Service in May and June.

Pre-school story time was held every Tuesday morning through August. When we started up again in October, a second session was added on Wednesday afternoon. Stories, crafts, and movies are always featured.

"Turn Off the Tube" week in April featured programs by Curt Golder on fishing, a special pj's storytime in the evening, a workshop on polymer clay, and a collector's convention. The summer reading program, "Take Us to Your Readers," attracted 196 children who read 1,045 books over a six-week period. Stories & Stuff, a group of storytellers, was featured at the party for these children. The program was sponsored by the Friends. Each child who completed their contract was given a paperback book.

The Governor Wentworth Arts Council gave the library a

grant of \$100 which was used to purchase expensive art books. They also provided a pass to the Currier Gallery of Art in Manchester.

WorldPath Internet Services in Farmington, NH has provided the library with a free internet account. As of the end of 1997, 328 patrons had signed up to use the internet. A technology plan was approved by the Trustees in November. Technology improvements are keeping library patrons up-to-date in this fast changing world.

Shut-in service is provided once a month by the staff. Volunteers help prepare the GRANITE STATE NEWS for distribution to the visually disabled.

The library had at least 18 volunteers doing library tasks during the year, clocking in approximately 420 hours of volunteer time. These dedicated people helped to shelve our periodicals, pamphlets, audiocassettes, books, read the GRANITE STATE NEWS onto a tape and duplicated the tape, read stories to preschoolers, and weeded the garden. We are grateful for all their help.

In addition to myself, our staff consists of Anita Musie, children's librarian, and the following library assistants: Marilyn McBride, who handles interlibrary loans; Joan Carville, who prepares the books for circulation and does the mending; Denise Thayer, who catalogs the books; Joyce Davis, who prepares the overdues; Barbara Widmer; who keeps the pamphlet file current; and our library page, Kate Watson, who shelves the books.

The library is an active place which, in addition to the various library materials available for loan, presents programs for all ages. It is a vital part of the community. The meeting room was used 87 times by either town groups or organizations other than library or Friends of the Library functions.

We thank you for your support in 1997 and look forward to another active year in 1998.

Respectfully submitted,
Louise A. Gehman
Library Director
